Crestwood Elementary serves students from 4-Year-Old Kindergarten through Fifth Grade. Our staff is dedicated to challenging every student academically while supporting their social and emotional development. Our environment is grounded in our strong relationships with students and families. Our goals are to ensure that every student actively engages in the learning process, has access to a rigorous curriculum, understands and respects all people, meets their individual growth goals and is a happy and productive member of a global society.

School Principal: Britta Hanson

### Equity Vision

Staff, students and families will work as partners to leverage our community's diversity and community resources to create a culture of belonging so that we will meet the needs of all students and their families.

### Strengths

Our school enjoys a strong partnership with parents and the community at large. Staff works to engage students in meaningful curriculum based on the Common Core State Standards. We have a vibrant Outdoor Education program and utilize our school forest, gardens and orchards to connect our curriculum to the natural world around us. When you visit Crestwood you will notice the caring relationships between staff and students as well as engagement in relevant learning experiences. Crestwood is a great place for children to learn and grow!

### Progress

Staff successfully implemented the Bridges math curriculum which increased the rigor of instruction for our students. We made significant progress in understanding Restorative Justice and became closer to school wide implementation of the practices.

### Area for Growth

Our staff will increase our focus on the critical reading standards so that our instruction supports students with the rigor necessary for independent critical reading. We will have schoolwide implementation of Restorative Justice practices

### Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.
