

School Profile: Crestwood Elementary School

Introduction

Crestwood Elementary School serves students from 4-Year-Old Kindergarten through Fifth Grade. Our staff is dedicated to challenging every student academically in an environment that is child-centered, safe, culturally responsive and supportive of learning. Our goal is to ensure that every student actively engages in the learning process to become a happy and productive member of a global society.

Strengths

Our school enjoys a strong partnership with parents and the community at large. Staff works to engage students in meaningful curriculum based on the Common Core State Standards. We have a vibrant Outdoor Education program and utilize our school forest, gardens and orchards to connect our curriculum to the natural world around us. When you visit Crestwood you will notice the caring relationships between staff and students as well as engagement in relevant learning experiences. Crestwood is a great place for children to learn and grow!

Progress

We strengthened our instruction by focusing on our daily learning targets so that our outcomes are clear for everyone. As a staff we became more collaborative with short- and long-term planning with our new writing curriculum. We integrated listening and speaking standards and strategies throughout all content areas.

Areas for Growth

We will continue our collaboration on the long-term and short-term planning for reading with a focus on increasing our frequency for checks for understanding and consistency in the use of formative assessments.

Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence and community connection. Through these skills and abilities, our students will graduate college, career and community ready.
